

Lena - notes for CPA

Meridian shares (10,000) came in June from the merger.

Dec 10 - my advisor had me 'short against the box'

*2,000 sh @ \$95 to lock in the price. He said no
tax until I close it, so nothing for 2025.*

Closed it in March by delivering the shares.

Also - why did Atlas take 30% of my dividends?!

I haven't lived in Spain since 2018.
