Distribution detail

Component	Shares	Value	Disposition
Keystone Medical Devices common (KMDV) - in kind	8,000.00	640,000.00	Transferred to Schwab brokerage ****4410 (participant)
Plan cost basis of employer securities ($12.00/sh)		96,000.00	Taxable amount (box 2a)
Net unrealized appreciation (box 6)		544,000.00	Not taxable until shares are sold
All other plan assets (mutual funds, stable value)		780,000.00	Direct rollover to Fidelity Rollover IRA ****5519 (code G)
Total distribution		1,420,000.00	

Federal withholding: none. The distribution to you consisted solely of employer securities, and mandatory 20% withholding cannot exceed the cash and property other than employer securities distributed to you.

Because the distribution was made after separation from service in or after the year you reached age 55, the 10% additional tax does not apply (code 2).

Schwab has been sent a cost-basis letter showing $12.00 per share. Fair market value at distribution: $80.00 per share.
